

ISF-JDRF Collaborative Grants Joint Program in Type I Diabetes Research

Research Grant Application No. _____

Full proposal

Part 1 – General Application Information

Role	Name	Academic appointment	Department	Institute
PI.1				
PI.2				
PI.3				
PI.4				

Research Title

Keywords

- Was this or a similar research proposal rejected by the ISF in the past 3 years? Yes / No.
If yes - Application No. _____ Please add a resubmission letter explaining the differences between this proposal and the previous one. Up to 5 pages in english
- Is this or a similar application being funded by a private company? Yes / No.
If yes - Please add a 1 page letter explaining the differences between the two proposals.
- Is this research of a translational nature? Yes / No.
If yes - Please add a 1 page letter explaining the translational nature of the proposal.
- I hereby declare that I have not submitted an identical application to another funding agency.

Part 2 – Curriculum Vitae

For each PI add up to 2 pages of CV and up to 5 pages of publications.
 You may use the following template.

CURRICULUM VITAE

PI. __ Researcher Name _____

A. Academic Background

Date (from-to)	Institute	Degree	Area of Specialization

B. Previous Employment

Begin with present position. Do not include tutoring, memberships in scientific associations or guest lectures.

Date (from-to)	Institute	Title	Research Area

C. Grants and Awards received within the past five years

Research Topics	Funding Agency	Total grant

D. Representative publications - (5 single-space pages only) - articles published in scientific journals or books; list full titles; do not include abstracts presented in scientific meetings, M.Sc. or Ph.D. dissertations, etc. (If the list exceeds 5 pages, include publications from last three years or, alternatively, those relating only to the application’s subject).

Summary of Most Recent ISF Grant

Each PI who received an ISF grant in the past 10 years (**only as a PI**) must fill in a report of objectives, results, achievements & list of publications (1-2 pages) which emanated from his recent ISF grant.

PI Name: _____ Recent ISF grant No. _____

Recent ISF Research title: _____

Objectives, results, achievements & list of publications of a Recent ISF grant

Part 3 – Scientific Program

Abstract (*up to 1 page*)

Detailed description of the research program (*up to 15 pages including graphs, diagrams and figures*)

Bibliography (*up to 5 pages*)

Time schedule and work plan	Beginning Month / Year	End Month / Year
-----------------------------	---------------------------	---------------------

--	--	--

--	--	--

--	--	--

Explanatory notes:

Part 4 – Budget Details (up to 740,000 NIS per year)

A. Personnel - *Principal and cooperating investigators, research and lab assistants* PIs' salaries cannot be included in the personnel budget. Please fill in for them only the percent of the time devoted. For the rest of the personnel (research and lab. assistants, etc) please also fill in the budget per year. No salary should be included for researchers who are eligible to submit an application as PI.

Name (last, first)	Role in project	% time devoted	Salaries (in NIS)		
			1 st year	2 nd year	3 rd year
	PI1				
	PI2				
	PI3				
	PI4				
Total man power					

B. Supplies, Materials & Services

Item	Requested sums (in NIS)		
	1 st year	2 nd year	3 rd year
Total supplies, materials & services			

C. Miscellaneous

	Requested sums (in NIS)		
	1 st year	2 nd year	3 rd year
Photocopies and office supplies			
Publication charges in scientific journals			
Professional literature			
Internet			
Membership in scientific associations			
Total miscellaneous			

D. Equipment

The proposal may include a request for dedicated equipment up to 120,000 NIS

1. **Name & description of the requested equipment – items in order of preference**
2. **Description of the requested equipment and it's uses**
3. **The necessary conditions and facilities (including personnel) required to operate the equipment**

4. Detailed cost of equipment

F.O.B. price (in NIS)

Other expenses (including shipping,
installation, customs & taxes)

Total

Funds requested from ISF

E. Budget Summary

	Requested sums (in NIS)		
	1 st year	2 nd year	3 rd year
Personnel, materials, supplies services & miscellaneous			
Equipment (for first year only, no overhead on this item)			
Overhead			
Total budget			

Average annual budget (including equipment):

	Total	Requested from ISF	Institutional matching
Annual Research Grant (including equipment)			

Budget Justification

Part 5 – Scientific Collaborations

5.1 PI's Collaboration letters

The PI's on this research **need to add collaboration letters** including the relationship and contributions of each individual researcher, explaining the scientific merit and synergy between the researchers.

5.2 Other collaborations

Please fill in researchers you collaborate with (both on this research and on other projects you are involved in). Please do not include in the table PI's submitting this application. Researchers collaborating on this research need to attach a Letter of cooperation.

Name of collaborator	Institute	Letter of cooperation attached Yes / No

Part 6 – Appendices

Please attach the following files:

Mandatory:

- Bibliography with *

If applicable:

- Resubmission letter
- Letter of private funding
- Translational research explanation
- Relevant articles that have been accepted but not yet published
- Authorities' certificates (*fill out in following page*)
- Any requests regarding the review process, including names of researchers you would like the ISF to avoid sending your proposal to for specific review.

Authorities' Certificates

Is one or more of the Authorities' approvals listed below is required for your submitted application?

For each certificate please mark if you have submitted a request for the approval or if an approval has already been given.

The certificate	N/A	Request submitted	Approved certificate
Helsinki Committee			
Institutional Animal Care and Use Committee			
Other _____
